I'd suggest not before 8:30am. I don't think it will take more than a few hours and that way we can leave from the office and get back here before the Dan Ryan gets too bad. Hopefully, the weather will cooperate.

Did not have a chance to view the beach, I was collecting waste samples from roll-offs, etc. Trying to get a time for April 3.

Sampling is done. I am going to try to get E-85 and grab lunch. Take Care, Verneta
